Emerging as one of NASA's most popular Systems Engineers, Bobak Ferdowksi served on the Mars Science Laboratory *Curiosity* mission. Dubbed by President Obama as “Mohawk Guy”, he popularized the landing by refreshing the public perception of NASA Engineers and Scientists. Come listen to him speak on his professional journey and the future of Science and Engineering!

**THE NEW EDGE OF ROCKET SCIENCE: “MOHAWK GUY” BOBAK FERDOWSI**

Wednesday: April 23, 2014  
11:30 am -1:00pm  
Davis Auditorium (412 CEPSR/Schapiro Building)
