Brownstone Review Committee Application

The goal of the Brownstone Review Committee is to oversee a fair review process that will determine which groups will reside in the 536, 542, and 546 brownstones located on 114th Street.

The committee, which will consist of students and administrators, will meet to develop criteria that will outline a successful application process for groups who are interested in living in these residences. Students interested in serving on the committee must complete the attached application so that we may vet for a committee that is as fair as possible. While there will be both Greek-affiliated and non-affiliated students serving on the committee, no student serving on the committee may be part of the application process. Students who serve on this committee must be in good academic and judicial standing.

Role of the Committee:

- Develop the criteria for a successful application
- Hold open information sessions to help answer any questions or clarify the process
- Review completed applications
- Make recommendations to Dean Shollenberger for final decision

Timeline:

- February 24th        Students interested in serving on the committee must submit completed applications to Dean Martinez by 5:00pm
- February 27th        Review and vetting of applicants begins
- March 9th            Committee convenes to hear charges and expectations
- April 13th          Brownstone applications available
- April 15-28th        Open information sessions
- September 28th       Completed applications due to committee by 5:00 pm
- Oct                  Applications reviewed
- November 19th       Decisions sent to applicants
Brownstone Review Committee Application

Name: _______________________________________________________________ UNI: ______________________

Class Year: _______ School Affiliation: ___ CC ___ SEAS Greek Affiliated: ___ Yes ___ No

Please list the residence halls in which you have resided:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

By my electronic signature, I acknowledge that the Dean of Community Development will be examining my disciplinary background at Columbia to make a decision regarding my potential participation on this committee.

My signature also confirms that I am not affiliated in any way with an organization that will be applying for one of the brownstones.
