Petition to Defer Registration for Frontiers of Science (Columbia College Only)

What is the Committee on Academic Standing (CAS)?
CAS is comprised of Advisers and Advising Deans from the Center for Student Advising (CSA). CAS upholds the policies and regulations of the Columbia College (CC) and the Fu Foundation School of Engineering and Applied Science (SEAS) Committees on Instruction (COI), and determines when circumstances warrant exceptions. CAS meets weekly to review petitions for action on a case-by-case basis. Decisions seek to uphold the rules of the CC and SEAS COIs while treating students equitably, bearing in mind the particular circumstances surrounding each student’s petition.

Under what circumstances should I submit a petition to defer registration for Frontiers of Science?
Columbia College students are required to take Frontiers of Science during their first year of enrollment. Under certain circumstances, students may petition to postpone taking Frontiers until their sophomore year. One such circumstance is if a student is enrolled in Literature Humanities, a Mathematics course, and one of the following science major sequences:
- CHEM C3045-C3046
- PHYS C1601-C1602
- PHYS C2801-C2802
A petition to defer registration for Frontiers of Science can also be submitted if a student must take a language course at the Elementary II level or above for which there is very limited availability.

Since Frontiers of Science is a Core class and Core classes are subject to an early drop deadline (the 2nd Friday of the semester), you must submit this petition during the first week of the semester.

What should I do if I need to submit a petition?
You must contact your CSA Adviser if you believe your situation should be reviewed by CAS for a possible exception. Your adviser will review your case, clarify policies, discuss options, and ensure that all paperwork is complete.

What paperwork must I submit in order to petition to defer registration for Frontiers of Science?
1. Petition to defer registration for Frontiers of Science (this packet)
2. “Grades” screen printed from SSOL
3. If your petition does not meet the conditions outlined above, you must also submit a statement justifying your request

What is the deadline to submit a petition?
Because CAS meets weekly, petitions must be submitted by 3:00pm on Friday in order to be considered the following week.

Please Note: Because this petition concerns a Core Class, you must submit this petition during the first week of the semester.

How will I be notified of the decision?
Students should expect an email notification of the Committee’s decision within five business days of the Committee meeting.

May I appeal the decision?
If CAS denies your petition, you may submit a written appeal to the Dean of Advising. Additional information and documentation (not included with the initial petition) must be provided for your appeal to be considered. More details will be provided if your petition is not approved.
Committee on Academic Standing (CAS)

PETITION to Defer Registration for Frontiers of Science
Columbia College Only
