COMMUNITY PRINCIPLES

Preamble

Developed by undergraduate students and staff in Barnard College, Columbia College, The Fu Foundation School of Engineering and Applied Science, and The School of General Studies, these principles serve as a framework for facilitating ongoing conversation for how we interact with one another. They are not meant to be additional rules of conduct; rather, they are a means through which we hold ourselves, and others, accountable. Every member of the community has a role in sustaining a safe, caring, and accepting environment in which these principles can thrive. However, individuals will not be brought through any disciplinary process due to a violation of these principles.

Community Principles Statement

Columbia University is a community of students, faculty, alumni, staff, and visitors. As members of this community we understand that our actions as individuals impact not only our own lives but also those of our community. Through these principles we can continually engage each other in order to understand our differences and similarities. We believe that intellectual discourse in all forms is essential to the University; as such it is vital that we give all perspectives a place to be expressed. We are all responsible for this community and affirm that we treat each other with respect and dignity. Members of our community act with honesty by accepting accountability for their words and actions and maintaining the integrity of the community as a whole. As members of the University with different experiences and ideas, we actively engage each other to understand, appreciate, and accept our various identities. We participate in a free and open community and ask that all those who come within our gates act in accordance with these principles.

The Information Booths, located on College Walk (Columbia campus) and Lehman Walk (Barnard campus), are staffed with experienced NSOP Orientation Leaders (OLs) ready to answer all of your questions—anything and everything from Orientation details to what to expect on your first day of classes. Stop by at the times below:

Monday–Friday

9:00 a.m.–5:00 p.m.

Saturday

Noon–5:00 p.m.

GUIDEBOOK APP FOR SMARTPHONES

Not a fan of carrying around a Schedule Book? Do you have a smartphone or tablet? Then you should download NSOP's FREE App on Guidebook! Just visit the App Store on your phone and search for Guidebook. Once you have downloaded the App, you'll search for Columbia University and you're all set. We highly recommend familiarizing yourself with all of the useful features and adding all of the mandatory events to your phone's calendar so you won't forget them.

PUBLIC TRANSPORTATION

One of the best parts of living in New York City is the ability to explore everything the city has to offer by having a MetroCard and understanding how the Metropolitan Transit Authority (MTA) works. Your OLs can teach you how to use a MetroCard machine to purchase your MetroCard. They can also help you understand how the buses and subway operate in terms of lines and directions by looking at a map. We have plenty of programs during NSOP throughout the city, which will help you practice getting around.

TRANSPORTATION AND ACCESS

Although the MTA is gradually adding elevators in various subway stations, the subways are generally not wheelchair accessible. If you are unable to navigate stairs, the best option is surface transit, as all New York buses are lift equipped. Another option, though more expensive, is a taxi or car service. The MTA has an excellent website, with complete info regarding accessibility, at <http://www.mta.info/accessibility>.

ACADEMIC LIFE

Columbia's crown jewel is the academic excellence of its student population. All questions about things ranging from courses to majors will be answered in the course of this week. You can chat with professors at the Academic Resources Fair on Wednesday, August 27. The Center for Student Advising (CSA) also hosts academic planning and advising sessions during NSOP. Advisers, professors, and departments are available to respond to questions you have encountered so far, so don't hesitate to e-mail or call them. Remember that your Orientation Leader (OL) or your Resident Adviser (RA) can give you a current student's perspective and help you locate resources on campus.

COLUMBIA DINING INFORMATION

Columbia Dining is committed to providing our community of students with one simple thing: great food. With three "all you care to eat" dining halls and nine retail locations on campus, we offer a wide variety of options that allow you to dine according to your lifestyle and schedule. Our daily menus feature local and sustainable ingredients across a variety of cuisines, prepared by our professionally trained culinary team. Meal Plans can be used at John Jay Dining Hall, Ferris Booth Commons, or JJ's Place, while Dining Dollars and Flex can be used at all on-campus Dining locations. No matter what you choose, you will always enjoy fresh, healthful, and delicious food served up by our team of food-loving experts.

NUTRITION, FOOD ALLERGIES, SPECIAL DIETS

Columbia Dining helps the community make healthy choices by providing nutritional resources and programs throughout the Dining halls. The team is committed to ensuring students with varied nutrition and/or dietary needs can have a safe and enjoyable dining experience in our campus locations. Registered dietitian Kristie Koerner is available on campus as well as online to address any questions and concerns regarding your nutrition and diet. Kristie consults individually with students on special nutrition, allergy-related, or dietary needs. She works with our culinary staff to accommodate as many special diets as possible, including a large population of vegetarian and vegan diners. Kristie is a free resource to all students and can be reached at kk2770@columbia.edu or 212-854-3353. Explore all that we have to offer at dining.columbia.edu including daily menus, nutritional information, special diet and food allergy resources, and sustainability efforts. And remember to like us on Facebook for the latest Dining news and updates. Enjoy your meal!

THE ROLM PHONE SYSTEM

The Columbia and Barnard campus telephone system is known as the ROLM Phone System. In many campus publications, you'll see telephone numbers listed as ROLM extensions, in the format #-####. If you're using a ROLM phone, simply dial #-####. If you are dialing from your cell phone or a telephone outside the ROLM system, you'll need to dial 212-85#-####.

RELIGIOUS SERVICES AND INFORMATION

You can find information about religious services on the University Chaplain website, ouc.columbia.edu.

DISABILITY AND ACCESSIBILITY INFORMATION

Disability Services (DS) facilitates equal access for students with disabilities by coordinating reasonable accommodations and support services. Reasonable accommodations are adjustments to policy, practice, and programs that provide equal access for students with disabilities. Examples include the administration of exams, services such as note taking, sign language interpreters, assistive technology, and coordination of accessible housing needs. Accommodation plans and services are custom designed to match the disability-related needs of each student and are determined according to documented needs and the student's program requirements. Registration includes submission of both the Application for Accommodations and Services and disability documentation. The application and disability documentation guidelines are available online and at the DS office. Students are encouraged to register within the first two weeks of the semester to ensure that reasonable accommodations can be made for that term. Please note that students are not eligible to receive reasonable accommodations until the registration process is complete.
