## **I. INTRODUCTION TO ALPHA STANDARDS**

### **Purpose of Program**

The purpose of the 5-Crown ALPHA Standards of Excellence Program is to enhance the values, beliefs and practices of fraternity and sorority chapters at Columbia University. Residential Life-Fraternity & Sorority Life seeks to reward chapters who exemplify excellence and continuously work towards offering a holistic member experience. This program may be modified at any time.

### **Outcome Based Model**

The ALPHA Standards of Excellence is guided by the seven critical domains of growth, learning and development (GLD) as described by the University Learning Outcomes Assessment (UNILOA). These domains are: Critical Thinking, Self-Awareness, Communication, Diversity, Citizenship, Membership & Leadership, and Relationships. The UniLOA domains “were constructed conceptually to determine what functional areas were considered critical to the full GLD of college students upon graduation. Identification of critical domains was made through two conduits, the first of which was an exhaustive review of contemporary research and literature in human development, specifically in the area of college student development, and through formal studies designed to poll higher education constituents as to what they felt was important for holistic student GLD.”- *UNILOA Validity Report*

Each category provides an opportunity for chapters to document experiences of and opportunities for members that are in line with the domains and the values that guide Residential Life-Fraternity & Sorority Life. Additionally, chapters have the opportunity to create goals and assess their own success in meeting identified goals each year.

## **I. VALUE-BASED PROGRAM**

### **Guiding Values**

The ALPHA Standards of Excellence is guided by the shared values of all fraternal organizations, the Core Values of Residential Life and the Columbia University Fraternity & Sorority Statement of Shared Values.

### **Core Values of Residential Life**

In Residential Life, the following core values guide how we develop individuals and community. Through our programs, services, and University partnerships, we strive to instill these values in all of our residential communities:

**Engagement:** We encourage intellectual and interpersonal connections within the residential community and beyond.

**Development:** We endorse healthy life balance that encompasses nurturing the mind, body, and spirit in order to maximize potential.

**Responsibility:** We seek to develop community members who live their values, are accountable to self and others, and reflect on the impact of their actions and behaviors. **Inclusivity:** We foster recognition of commonalities and differences across a spectrum of identities and seek the perspectives not present in our pursuit of shared understanding. **Learning:** We celebrate all experiences as opportunities for education by embracing inquiry and discourse to promote transformational growth.

### Statement of Shared Values

The fraternity and sorority community at Columbia University strives to foster a holistic collegiate experience that will strengthen a commitment to life-long membership and our alma mater.

We believe that through our dedication and promotion of **social consciousness** we greatly contribute to the creation of a vibrant cultural community that emphasizes diversity, inclusiveness, and **mutual respect**. We are values based organizations and, through our actions, we embody these ideals and inspire others.

Leadership. Scholarship. Empowerment.
