LOCATION:	Washington, DC
DATES	Summer 2018 OR Fall 2018
DESCRIPTION	The Congressional Hispanic Caucus Institute (CHCI), founded in 1978, offers a Congressional Internship Program that provides college students with a paid work placement in a Congressional Office or Federal Agency for a period of twelve weeks (Spring/Fall) or eight weeks (Summer). This unmatched experience allows students to learn firsthand about our nation's legislative process.
INFORMATION	Selected participants will receive: <ul style="list-style-type: none">• Congressional Office or Federal Agency Internship Placement• Great Pay: \$2,500 stipend - Summer (Eight Weeks)• Benefits: Domestic round-trip transportation to Washington, DC and Housing (All Expenses Covered)• Academic Credit: Interns may be eligible to receive academic credit (It is not mandatory to obtain academic credit to participate; however, CHCI encourages participants to research this possibility.)• Leadership Training, Networking and More
DEADLINE	For more information click here . December 1, 2017(for Summer 2018) and March 9, 2018 (for Fall 2018)

EARLY JANUARY APPLICATION DEADLINES

7. SUMMER UNDERGRADUATE RESEARCH PROGRAM

LOCATION	New York University
DATES	June 3, 2018 - August 4, 2018
DESCRIPTION	The Sackler Institute at NYU School of Medicine, in coordination with the M.D./Ph.D. Program and the Office of Diversity Affairs, offers a Summer Undergraduate Research Program for qualified sophomores and juniors who are interested in pursuing M.D., M.D./Ph.D. or Ph.D. degrees and a career in research. Students may work with faculty in such disciplines as Biochemistry, Biomedical Imaging, Cellular and Molecular Biology, Developmental Genetics, Immunology, Microbiology, Molecular Oncology, Molecular Pharmacology, and Neuroscience and Physiology. Students are matched with an established scientist mentor and placed in a laboratory working in an area of their interest. Undergraduate researchers are given their own project, which they present at a poster session at the end of the summer. They are expected to perform at the graduate student level.
INFORMATION	The program is designed for mature, well-qualified undergraduates who have completed their sophomore or junior year of college. Qualified applicants should have a competitive GPA and at least 1 full semester of bench laboratory research. The selection of students will be made considering their academic record, previous research experience, if any, and letters of recommendation from faculty advisors and/or research supervisors. Significant importance will be given to their commitment to a career in biomedical research. This program is open to all U.S. students. Accepted students receive a \$3,500 payment, free housing, and reimbursement for round-trip travel expenses. You arrange for your own food and other living expenses. Students must commit to participate for the entirety of the summer program. For more information click here .
DEADLINE	January 1, 2018

8. CALTECH WAVE FELLOWS PROGRAM

LOCATION	California Institute of Technology
DATES	Summer
DESCRIPTION	Caltech's WAVE Fellows Program aims to increase the participation of underrepresented students (such as African Americans, Hispanics, Native Americans, females who are underrepresented in their disciplines, and first-generation college students) in science and engineering Ph.D. or M.D./Ph.D. programs and to make Caltech's programs more visible to students not traditionally exposed to Caltech. By allowing student participants to complete a 10-week research project, the program supports Caltech's commitment to training a diverse set of science, technology, engineering, and math leaders.
INFORMATION	Objectives

- Increase critical mass of underrepresented graduate students at Caltech
- Provide opportunities for students not generally familiar with Caltech to experience the research environment at Caltech/JPL
- Train a diverse set of leaders in fields of science, technology, engineering, and math
- Promote awareness of diversity among students, faculty, and staff
- Provide opportunities for students who come from challenging backgrounds and must overcome significant barriers to pursue their goals of becoming scientists or engineers

DEADLINE [January 10, 2018](#)

9. THE WHITE HOUSE INTERNSHIP: A PUBLIC SERVICE LEADERSHIP PROGRAM

LOCATION The White House

DATES May 30, 2018 - August 10, 2018

DESCRIPTION The [White House Internship Program](#) provides a unique opportunity to gain valuable professional experience and build leadership skills. This hands-on program is designed to mentor and cultivate today's young leaders, strengthen their understanding of the Executive Office, and prepare them for future public service opportunities.

INFORMATION Applicants must be U.S. citizens, 18 years of age on or before the first day of the internship, and meet at least one of the following criteria:

- Currently enrolled in an undergraduate or graduate program at a college, community college, or university
- Graduated from an undergraduate or graduate program at a college, community college, or university (two-to-four year institution) no more than two years before
- A veteran of the United States Armed Forces who possesses a high school diploma or its equivalent and has served on active duty, for any length of time, in the two years preceding the first day of the internship

DEADLINE [January 12, 2018](#)

10. HARVARD-MIT SCIENCE AND TECHNOLOGY SUMMER INSTITUTE

LOCATION Harvard University

DATES June 2018 - August 2018

DESCRIPTION The [Summer Institute at the Harvard-MIT Division of Health Sciences and Technology](#) offers a unique opportunity for outstanding undergraduate college students considering a career in biomedical engineering and medical science. This highly competitive program offers a hands-on research experience in a scientific community internationally recognized for its leadership and commitment to excellence. Participants are supported by cutting-edge research facilities and expert mentors.

INFORMATION Sponsored by the National Institutes of Health and the National Science Foundation, participating institutions include Harvard-MIT Division of Health Sciences and Technology (HST), Massachusetts General Hospital (MGH), i2b2 National Center for Biocomputing, and others. The Institute is part of an effort at MIT to help facilitate the involvement of talented students in engineering and science research—in particular, underrepresented minority students, first-generation college students, and those from disadvantaged backgrounds.

DEADLINE [January 13, 2018](#)

11. FUTURE GLOBAL LEADERS FELLOWSHIP

LOCATION Varies

DATES Three Consecutive Summers

DESCRIPTION The [Future Global Leaders \(FGL\) Fellowship](#) is an internationally competitive, merit-based fellowship that provides high-achieving students with leadership trainings, international professional experience, and mentorship and career counseling from renowned experts. Upon completion of the three-year program, Fellows become official members of the FGL Society—the first global private network of resilient and visionary leaders committed to one another’s success and to a better world.

INFORMATION Applicants must be first-year college students who are also first-generation college students, possess a track record of academic excellence (preferably with a GPA at 3.5 or above), and have proven leadership abilities. Priority will be given to students who come from financially struggling backgrounds. If accepted, students complete the fellowship over three summers:

- **Summer I:** Fellows will jointly undergo an intensive leadership training that will focus on building strong bonds with one another, and will test their physical and mental limits.
- **Summer II:** Each Fellow will participate in an internship abroad for which FGL can cover costs not covered by the host organization, the student’s home university or scholarships. The goal of the summer internship is to assist Fellows in gaining international professional experience and building a global network.
- **Summer III:** Fellows are encouraged to pursue a second summer internship in the corporate sector that will maximize their employment prospects after graduation. FGL will not provide financial support, but may cover some long-distance travel costs.

DEADLINE [January 31, 2018](#)

USEFUL LINKS

Clothing Closet

With career fairs, networking events, and interviews happening throughout the year, do not forget to utilize CCE's Clothing Closet where they loan professional suits and accessories free of charge to Columbia students. To request a suit, please read and complete a policy agreement [form](#).

Funding Programs

CCE offers several funding programs providing students with up to \$5,000 to subsidize unpaid or low-paid summer internship and research opportunities. Check out their Funding Programs [page](#) for more details.

Diversity Recruitment Page

Many industries have developed diversity recruitment programs to target diverse and underrepresented candidates. Some deadlines are fast approaching! Be sure to check out the Diversity Recruitment Programs [page](#) on the CCE website.
