Questions for Faculty?
Attend the Academic Resources Fair!

The Academic Resources Fair is your opportunity to understand the range of academic resources available to you as a Columbia student. Faculty representatives from every academic department and program will attend. You may ask specific questions, obtain program information and materials, and learn about upcoming academic events.

Some questions to ask at the Academic Resources Fair:
1. What courses should I take in order to get to know a field of study? When should I take them? Are there prerequisites that I should take in order to declare a certain major in my sophomore year?
2. At what level should I begin my study of a subject, given my background?
3. What research opportunities exist in or through a department?
4. How does advising within the department work? Who can I contact with questions?
